

Seed Survivor Mobile School Registration Form

Thank you for your interest in Agrium's Seed Survivor program! This **FREE** classroom on wheels is intended for **Grades 2-6 students** and is a great way to spice up any lesson on **plants, nutrients and soil health**. The display features a sunflower seed planting station, multi-media computer games, talking walls and more!

Students will spend half the presentation outside the trailer in a guided plant nutrient lesson and half the presentation inside the trailer playing each station. **Each presentation is one hour and a maximum of 30 students can participate at one time.**

If the weather compromises the outside presentation, Plan B (see page 2) will go into effect. If the presentation is still deemed a high risk then the event may be cancelled. Unfortunately, an alternative date may not be available.

In addition, we **require teacher supervision** of each classroom at all times.

7. **Alternative date(s) you would like to receive the display:** DD/MM/YYYY

Please check each box indicating your school is prepared to meet the following requirements:

In order to set-up the trailer on time, please schedule a staff member to meet and guide the Seed Survivor trailer driver no later than **60 minutes before the start time.**

- Staff person's **name:** _____
- Staff person's **cell** (optional – will only be used in an emergency): _____
- Please describe the **meeting location** (ie) staff parking lot or street next to the playground: _____

Outdoor space: 60x30 foot space. If necessary, after the trailer is set-up the truck can be parked elsewhere. The trailer needs a 40x30 foot space.

No overhanging power lines.

Relatively easy access to and from the parking location (our drivers are great but they are towing a 40 foot trailer so the less manoeuvring the better).

Relatively flat parking surface (the trailer needs to rest on a flat surface to level out).

- **Circle the type of parking surface:** Grass / Gravel / Pavement / Other: _____
- **Please describe the presentation location** (ie) 10 feet from the main entrance in the visitor parking lot: _____

Parking surface will be cleared of obstructions (ie) no bicycle racks

Bell Schedule Form (2of3)

To ensure our driver and presenters arrive on time, as per your school's bell schedule, please complete the below table (at any time, and without notice to us, you have the option of changing the classrooms assigned to each time slot).

Please schedule Seed Survivor for a **FULL SCHOOL DAY** (min 4 presentations).

If you have the display multiple days please fill out one form for each day

**Presentation length can be adjusted to fit the school periods.*

Plan B Form (3of3)

The weather can be unpredictable so please have the students' **wear appropriate outdoor clothing**. The trailer will keep the outside elements out, but the outside presentation might need to be moved indoors. So we are asking you to help us come up with a BACK-UP PLAN!

Please note: If the presentation is deemed a high risk then the event may be cancelled. Unfortunately, an alternative date may not be available.

Please read and check each box, indicating your school is prepared to meet the following requirements:

4 x 4 foot space for a Planting Station (light weight – can easily and efficiently be moved where needed). Please be forewarned, soil may be spilled during the planting activity.

TV and DVD player

(Recommended) Close proximity to the trailer – the less time the students spend bundling up and walking to the trailer the more time we have to teach.

Enough space for half the class, teachers and presenter to interact (standing and/or sitting)

Please describe the INDOOR presentation location (ie) Gymnasium

At least two school staff will be available to supervise the inside and outside presentation
